

Dear Friends,

March, 2010

Thank you for praying for us this past year. It has been an amazing time of relocation and outreach (Iceland & Israel), as we have transitioned from IHOP through ZHOP to consecrated homes of prayer. It has been a year to shift back into a local church setting. Morningstar Ministries (Rick Joyner) is now our local home church and regional apostolic covering for prayer. (Morningstar Ministries is both a church & missions-base.) *Your faithful prayer has given us a beachhead as prayer missionaries in this area!*

On Sunday, Feb 21, **the door opened for us at Morningstar.** We were invited to join the worship team and to play the offertory as a family. God gave us great favor with Leonard Jones (worship leader). This particular Sunday, the culmination of a conference, ended with an open heaven. After Todd Bentley gave an incredible message and prophetic word, (directed to the local body), it was an historic moment as the leadership stood together, holding up Rick Joyner's hands, and Leonard guitaried the Star Spangled Banner (recovering a generation, reversing the rebellion that was released when Jimmi Hendrix played it at Woodstock over 40 years ago). We felt the shift in the heavens.

You may go to <http://morningstartv.com/content/sunday-morning-worship-and-teaching> to view all or portions of the service. (Our offertory is at the 48 minute mark)

### **Fast Forward to Present**

As we began to give form to a remnant prayer community (after ZHOP closed), we committed to help lead this little community for 5 months of "listening prayer".

At the end of this listening time, on the last week in January, we co-hosted a symposium (in Fort Mill, SC) on the new sounds of heaven as we partnered with our dear friend, Sandy Linsday, a seasoned intercessor in the Spirit (Spiritual Meat Ministries). **The Lord is releasing new sounds from heaven as well as new songs and gifts of artistic & musical composition.** This weekend was just the beginning.

### **What Now?**

We feel God is leading us to expand our scope (a little) to include the visual arts along with music. We feel that we are to encourage young watchmen in this region by equipping the musicians and artists, linking them with prophetic intercessors, helping to create artisan watch-teams that are "set" for strategic expressions of worship and prayer.

We continue to wait on the Lord in the "soaking prayer" homes, yet knowing that on a larger scale, the Lord will raise up 24/7 worship & prayer at Morningstar. Please pray for us, because we feel that this arising prayer furnace will give birth to a music and arts school, specifically to train young people to train children—whose anointed music and craftsmanship will prepare the way for the Lord's return.

God bless you,  
Tim and Melody Brock
